RE: Preliminary Expert Opinion Report of Bob Wuorenma, C.P.P., Security Management  
Consultant/Expert Witness

**McKown v. Tacoma Mall (Simon Properties)**

In September 2008 I was retained as a Expert Witness by your law firm to review the facts in the above referenced matter and render an preliminary opinion(s). I am responding to your request of my preliminary opinions in a written report. In order to do so I have divided my report in the following four sections:

1. Professional background and qualifications
2. Documents reviewed
3. Background assumptions
4. Opinions

**PROFESSIONAL BACKGROUND AND QUALIFICATIONS**

I am currently a retired Detective Lieutenant from the Bellevue Police Department, Bellevue Washington. I served the city of Bellevue from March 3, 1969 until March 18, 1998 with 29 plus years of police service. During my law enforcement career I held the ranks/positions of Patrol Officer, Detective, Harbor Patrol Officer, Bicycle Patrol Officer, Park Patrol Officer, Patrol Lieutenant and Detective Lieutenant. I served with Patrol, Traffic and Investigations Divisions during my lengthy career. I had extensive training and experience in the enforcement of laws and violations of criminal conduct, extensive experience out in the field as a patrol officer and as a field supervisor.

I have been a security and crime prevention practitioner (publicly and privately) for over thirty five years. This included being a crime prevention resource from the Bellevue Police Department to the business community advising owners/managers/employees on crime prevention and security strategies they could use to prevent crimes. I was the principal resource to the Bellevue Square Mall owners and managers on the best recommendations of crime prevention and security strategies to implement while planning for the major mall re-model in 1980.

I also am a Security Management Consultant/Forensic Law Enforcement Practices and Security Expert Witness. I have been serving corporate clients and law firms since 1984 under the name of Bob Wuorenma & Associates, 9805 NE 116<sup>th</sup> St., #7333, Kirkland Washington 98034. I have been retained or consulted in over 550 matters involving civil liability issues. I have testified

at trial/hearings seventeen times and given oral testimony at deposition over seventy times. I am also a board certified, Certified Protection Professional (C.P.P.) with the American Society For Industrial Security (A.S.I.S.). Further, I am a Certified Crime Prevention Instructor (C.C.P.I.) as certified by the Washington State Law Enforcement Training Commission for private and public law enforcement crime prevention training. I have enclosed a copy of my Curriculum Vitae.

In order to have reached my conclusions/opinions in the above matter I reviewed the following materials.

**EXPERT OPINION REPORT CONT.**

**BACKGROUND ASSUMPTIONS**

On Sunday November 20, 2005 at approximately 12:10 p.m. a lone male appearing to be about twenty years old entered the Tacoma Mall dressed in a black coat. He was armed with a loaded semi-automatic assault rifle, semi automatic pistol and several additional magazines. In a open common area he opened fire with the assault rifle and randomly fired and severely wounded several innocent mall shoppers. Shortly before this occurred, Brendan McKown (Plaintiff) who was an employee at the Excalibur Cutlery store was on his way down the mall corridor to make a bank deposit. On his way to the bank, Mr. McKown stopped briefly at Kits camera store, and upon exiting he heard the sound of gunfire. Mr. McKown directly observed the gunman who then shot and seriously wounding him several times. The lone gunman continued on his vicious attack. Mr. McKown was rescued and brought into the Kits Camera store where employees and shoppers called for assistance and immediate medical aid. The gunman, later identified by Tacoma Police as Dominick Sergio Maldonado, age 20, 5', 11", 165 pounds went into the the Sam Goody Store, rolled down the entrance/exit gate and barricaded himself along with several employees and shoppers including a young child. There was a massive police response to the Tacoma Mall which included police units from the Tacoma Police, Pierce County Sheriffs Office, Lakewood Police, Washington State Patrol and others to assist in traffic control, evacuating employees and shoppers, rescue and get medical aid to the injured shooting victims and lock down the mall. Police SWAT teams later arrived and contained the scene. Hostage negotiators were able to make contact with the gunman and after several hours persuaded him to release the young child. At about 3:48 p.m. hostage negotiators were successful in talking the gunman to drop his weapons, let his hostages go and give up peacefully. The Tacoma Police placed the subject under arrest, seized the weapons used in the attack including three fully loaded assault rifle magazines that had dropped to the floor during the initial assault and shooting. Tacoma Police conducted the crime scene investigation and follow up.

**PRELIMINARY OPINIONS**

It is my professional opinion after reviewing all the materials listed in the DOCUMENTS REVIEWED SECTION in reference to the Complaint of McKown vs. Simon Property Group (Tacoma Mall) that:

1. The Simon Property Group (Tacoma Mall) FAILED to render sufficient security measures and services.
2. The Simon Property Group (Tacoma Mall) FAILED to provide adequate safety & security to their invitees.

**PAGE FOUR**

**EXPERT OPINION REPORT CONT.**

**PRELIMINARY OPINIONS CONT.**

3. The Simon Property Group (Tacoma Mall) negligently hired and employ uniform security guards, uniform security personnel or other security personnel.
4. The Simon Property Group (Tacoma Mall) FAILED to properly monitor individuals on the premise and be augmented by a a state of the art visual/audio surveillance camera system or closed circuit television system (CCTV) inside and outside the mall.
5. The Simon Property Group (Tacoma Mall) FAILED to have a internal emergency communication system, i.e., "public address system" throughout the mall that in the event of a major emergency, such as natural disaster (fire, explosion, plane crash, automobile/truck accident, earthquake) or acts of terrorism such as a shooting or bombing to be utilized to warn store employees, shoppers, mall staff on how to best exit stores, exit common areas, seek shelter and/or seek medial assistance.
6. The Simon Property Group (Tacoma Mall) FAILED to supplement their security staff by not hiring off duty uniformed & armed law enforcement officers, i.e. Tacoma Police officers during the busy holiday period for external and internal mall patrol which would be a highly visible deterrent to the criminal element .
7. The Simon Property Group (Tacoma Mall) FAILED to have a in-depth, on-going extensive training program for security staff & emergency responders, including police patrol and SWAT teams.
8. The Simon Property Group (Tacoma Mall) FAILED to have a in-depth emergency preparedness plan to include prevention of and reaction to a terrorist act such as a shooting incident and/or hostage taking incident.
9. The Simon Property Group (Tacoma Mall) FAILED to have security personnel on a heightened security awareness/alertness during the busy holiday season.

**PAGE FIVE      EXPERT OPINION REPORT CONT.**

I reserve the right to alter the above opinions or form additional opinions upon disclosure of further documents such as depositions, security training materials, security/safety policies and procedures, Simon Property Group security policies and procedures, etc., etc. as to facts in this matter.

Thank you for requesting me to analyze the materials in this matter and render opinions. I am prepared to testify at deposition and/or trial. If there is anything further I can do to be of assistance, please do not hesitate in contacting me.

Respectfully,

Bob Wuorenma, C.P.P.
